3. Eligibility Criteria

3.1 An applicant must satisfy all of the following requirements:

Parameter	Requirement

Minimum age at application	21 years
Maximum age at loan maturity	Salaried applicants: 65 years. Self-employed applicants: 70 years.

3.2 The effective tenure is the lower of (a) 30 years and (b) the number of years remaining until the primary applicant reaches the maximum age at maturity in clause 3.1. The primary applicant is the applicant with the highest income.

3.3 The Fixed Obligation to Income Ratio (FOIR) is calculated as (proposed EMI + all existing monthly obligations) divided by net monthly income. The maximum permitted FOIR is:

Net monthly income	Maximum FOIR
Up to ₹50,000	40%
₹50,001 to ₹1,00,000	50%
Above ₹1,00,000	55%

4. Loan Amount and Loan-to-Value (LTV)

4.1 The minimum loan amount is ₹5,00,000 and the maximum loan amount is ₹5,00,00,000 (₹5 crore).

4.2 The maximum LTV depends on the loan amount requested:

Loan amount band	Maximum LTV
Up to ₹30,00,000	90%
Above ₹30,00,000 and up to ₹75,00,000	80%
Above ₹75,00,000	75%

4.3 LTV is calculated on the lower of the agreement value and the Bank's technical valuation of the property. Stamp duty, registration charges and furnishing costs are not financed. The optional Griha Raksha insurance premium (clause 9) may be financed over and above the LTV limit.

5. Interest Rate

5.1 Griha Suraksha loans are floating-rate loans linked to the Bank's Repo-Linked Lending Rate (RLLR). The RLLR is currently 6.50% per annum (effective 1 June 2026). Applicable rate = RLLR + spread.

5.2 The spread depends on the applicant's CIBIL score:

CIBIL score	Spread over RLLR	Resulting rate (before adjustments)
800 to 900	2.00%	8.50% p.a.
750 to 799	2.25%	8.75% p.a.
700 to 749	2.65%	9.15% p.a.
Below 700	Not applicable	Not eligible

5.3 The following adjustments apply after the spread is determined:

(a) Women borrower (sole applicant or first-named applicant): concession of 0.05% p.a.

(b) Property with an IGBC, GRIHA or LEED green-building certificate: concession of 0.10% p.a.

(c) Self-employed non-professional applicant: premium of 0.15% p.a.

Concessions in (a) and (b) can be combined.

5.4 The rate is reviewed every 3 months, on 1 January, 1 April, 1 July and 1 October. When the rate changes, the EMI stays constant and the tenure is adjusted, unless the borrower asks for the EMI to be revised. The Bank notifies the borrower by SMS and e-mail within 7 days of any change.

5.5 Interest is calculated on the daily reducing balance using a 365-day year.

6.3 **Pre-EMI.** For under-construction property, the borrower pays interest only on the amount actually disbursed (Pre-EMI) for up to 36 months from the first disbursement. Full EMIs begin after that period or on final disbursement, whichever is earlier.

6.4 **Grace period.** The Bank allows 5 days after the due date before an overdue EMI is reported to credit bureaus. This grace period does not stop penal charges, which accrue from the day after the due date.

6.5 **Part-prepayment and foreclosure.** Part-prepayments are accepted at any time, with a minimum of ₹25,000 per transaction. The borrower may choose to reduce either the tenure or the EMI. Full foreclosure is permitted at any time.

Annexure A: Worked Example: Eligibility Assessment

Applicant profile. Ms. Priya Nair, age 38, salaried. Total work experience 14 years, of which 6 years with the current employer. Net monthly income ₹1,20,000. Existing obligations: car loan EMI of ₹12,000 per month. CIBIL score 782. Property agreement value ₹80,00,000 (no green certificate). Requested loan: ₹60,00,000 for 20 years.

Step	Check	Result
1	Age and tenure (clauses 3.1, 3.2): 38 + 20 = 58, below maximum age of 65 for salaried applicants. Maximum possible tenure is 27 years (65 minus 38).	Pass. A 20-year tenure is allowed.
2	LTV (clause 4.2): a loan of ₹60,00,000 falls in the ₹30,00,000 to ₹75,00,000 band, so maximum LTV is 80%. 80% of ₹80,00,000 = ₹64,00,000.	Pass. ₹60,00,000 is within ₹64,00,000.
3	Interest rate (clauses 5.1 to 5.3): CIBIL 782 falls in the 750 to 799 band, so the spread is 2.25%. 6.50% + 2.25% = 8.75%. Women borrower concession of 0.05% gives 8.70% p.a.	Applicable rate: 8.70% p.a.
4	EMI for ₹60,00,000 at 8.70% for 20 years (240 months).	EMI ≈ ₹52,831
5	FOIR (clause 3.3): income above ₹1,00,000 allows maximum FOIR of 55%, i.e. ₹66,000 of monthly obligations. Proposed obligations = ₹52,831 + ₹12,000 = ₹64,831, which is 54.03% of income.	Pass. Within the 55% limit.
6	Processing fee (clause 7.1): 0.35% of ₹60,00,000 = ₹21,000, which exceeds the maximum of ₹15,000, so the fee is capped at ₹15,000 plus 18% GST (₹2,700).	Total processing fee ₹17,700.

Outcome: the loan of ₹60,00,000 for 20 years at 8.70% p.a. meets all eligibility checks.

Annexure B: Indicative EMI per ₹1,00,000 of Loan

Monthly EMI (in ₹) for each ₹1,00,000 borrowed, before any concessions or premiums. Multiply by the loan amount in lakhs to estimate the EMI.

Tenure	8.50% p.a.	8.75% p.a.	9.15% p.a.
10 years	1,239.86	1,253.27	1,274.89
15 years	984.74	999.45	1,023.21
20 years	867.82	883.71	909.40
30 years	768.91	786.70	815.44

3.0	1 July 2025	Maximum loan amount was ₹3,00,00,000. Maximum tenure was 25 years. Minimum credit score was 680.
